# International Youth Math Challenge

## Participation Certificate

presented to

# Abyoso Hapsoro Nurhadi

for a successful participation in the qualification round of 2018. Successful participants correctly solved at least four of five challenging math problems correctly until the 30th of September. The International Youth Math Challenge is an independent international mathematics competition for talented and interested high school and university students with the aim to encourage young students to engage in a variety of mathematical areas and to compete peacefully with youths on an international level.

— He/She received a special honour for submitting the solution as a digitally written document. —
